Plan Option[§]

Classic

For every penny you spend, it is important that you get something in return. Under this option, we double up the mortality charge and premium allocation charge and add it to your fund; giving a boost to your fund value which helps you fulfill your dreams.

Optima

Sometimes buying an insurance and not worrying about charges is the best thing. This option comes with ZERO premium allocation and ZERO policy admin charge, thus simplifying an otherwise intricate charge structure. This reduces overall charge deduction from your fund leading to a high fund value.

[§]Change in plan option is not allowed.

How does this plan work?

Secure and invest with this plan in 3 easy steps:

- Step 1: Make a choice from the two available options
- Step 2: Decide your term of investment and pay premiums with full flexibility
- Step 3: Decide your Sum Assured amount and choose your investment strategy.

What are your Benefits?

Maturity Benefit

On survival to the end of the policy term, you will receive the Total Fund Value, including Top-Up Premium Fund Value, valued at applicable NAV on the date of Maturity.

Death Benefit

In case of death of the life insured during the policy term and while the policy is in force, the Nominee will get,

Highest of

- (i) the Basic Sum Assured net of all "Deductible Partial Withdrawals", if any, from the Premium Fund Value, or
- (ii) the Premium Fund Value of this Policy or
- (iii) 105 percent of the total Premiums paid up to the date of death net of all "Deductible Partial Withdrawals", if any.

In addition to this:

Highest of

- (i) the approved Top-up Sum Assured(s) or
- (ii) Top-up Premium Fund Value of this Policy or

is also payable provided the insured has a Top-up Premium Fund Value. Deductible Partial Withdrawals are not applicable in case of Top-Up Sum Assured.

For purpose of determining the Death Benefit, the Deductible Partial Withdrawals mentioned above shall mean the Partial withdrawals made during the last two years immediately preceding the date of death of the Insured.

If the Insured is alive on the day of the Maturity, Maturity Benefit shall be the Fund Value, including Top-Up Fund Value, if any.

To understand these benefits let's have a look at the following Benefit Illustration table

For Classic :

The above sample illustrations are basis non digital mode. Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including actual future investment performance.

Loyalty Additions/Fund boosters

Refund of Mortality Charges

Classic

Under this plan; starting from the 11th policy year, at the end of each policy month, we add 2 times the mortality charge (excluding underwriting extra and taxes) deducted in the 120th month prior to your existing Fund Value in the form of addition of units. For instance, in the 121st policy month, your fund get an addition of twice the mortality charges deducted (excluding underwriting extra and taxes) in the 1st policy month. All such additions shall continue till you attained the age of 85 years, or till end of policy term, whichever is earlier, provided that the policy is in force and all due premiums till date have been paid.

Sector Leaders Index Fund (ULIF 093 15/09/25 SLI 110)	The primary investment objective of the Fund is to generate capital appreciation in the long term by investing in a portfolio of stocks that are aligned to Sector Leaders Index, customized as per IRDAI regulatory requirements. The objective of the fund is to invest in companies with similar weights as in the index and generate returns as closely as possible, subject to tracking error. The fund will invest 80%-100% in Equity and Equity related instruments and 0%-20% in Cash and Money Market Securities.	High	Equity & Equity related instruments	80%	100%
			Debt	NA	NA
			Cash/ Money Market Instruments, Bank Deposits and Mutual Funds	0%	20%

These funds have different risk profiles based on different types of investments that are offered under these funds. The returns are expected to vary according to the risk profile of the funds chosen.

Equity Derivative for Hedging Purpose:

While creating a diversified portfolio helps reduce stock specific risks, however, to protect the portfolio returns from systematic risks the fund may resort to hedging through Index/Stock Futures or Index/Stock options as stipulated by IRDAI. This would help to reduce market risk and volatility for policy holders.

Illustration of Futures:

Assume a portfolio of ₹ 55lakh. If we anticipate volatility in the markets, we may hedge the portfolio with Index futures as per IRDAI guidelines. For example, we hedge the portfolio by selling Index futures of Nifty50.

Let's say the current of Nifty50 is 22000 and the lot size is 50, Hence, the value of 1 lot of Nifty50 is $(22000 \times 50) = ₹ 11,00,000$.

Since we are holding a long position in the stock portfolio, we will have to take an opposite position to hedge it.

- Therefore, sell 1 lot of Nifty50 Index futures worth ₹ 11,00,000
- The remaining ₹ $(55,00,000 - 11,00,000) = ₹ 44,00,000$ remains unhedged.

Now say the market falls by 10% and as a result, the Index Futures also falls by 10%. Now let us assume that the value of the portfolio also falls by 10%.

Hence,

- Loss from portfolio = $(10\% \text{ of } ₹ 55,00,000) = ₹ 5,50,000$.
- Profit from the short position in Index Futures = $(10\% \text{ of } 11,00,000) = ₹ 1,10,000$.
- Hence the overall loss gets reduced to ₹ $(5,50,000 - 1,10,000) = ₹ 4,40,000$. This was only possible because the portfolio was carefully hedged with Index Futures before the market crash.

Similar illustration would be applicable in the case of selling stock futures.

Illustration of stock options:

Assuming a scenario wherein we are long on a particular stock "A" in the cash market. The price is ₹ 200 and we are holding 10000 shares of the same which amounts to a portfolio of ₹ 20,00,000.

Due to uncertainty in the market, we expect adverse impact on the stock price. As per IRDAI guidelines we can buy a put option of that stock in the derivatives market.

Let's understand with 3 cases:

We initially assumed that we bought the stock for ₹ 200 in the cash market.

Case 1: The stock price moves up to ₹ 220

In such a situation, we make a profit of ₹ 20 in the cash market since we had purchased the stock at a price of ₹ 200. However, we shall lose the money which we paid to buy Put options which is ₹ 5 giving us a net profit of ₹ 15.

Case 2: The stock price falls to ₹ 180

In such a scenario, we shall have a loss of ₹ 20 in the cash market and make a profit of ₹ 20 in the derivatives market. Thereby making a net loss of ₹ 5 which is the premium paid initially to buy the Put options.

Case 3: The stock price remains unchanged at ₹ 200

In the 3rd case, we shall have no gain or loss in the cash market. However, we shall lose the money paid as a premium essentially making a net loss of ₹ 5.

Similar illustration will be applicable in case of selling an Index option.

We will be abiding by the exposure limits as prescribed by IRDAI guidelines.

Although the funds are open ended, the Company may, as per Board approved policy and subject to prior approval from IRDAI, completely close any of the funds. The Policyholder will be given at least three months' prior written notice of our intention to close any of the Funds completely or partially except in 'Force Majeure', where we may give a shorter notice.

In case of complete closure of a Fund, on and from the date of such closure, we shall cease to issue and cancel units of the said Fund and cease to carry on activities in respect of the said Fund, except such acts as are required to complete the closure. In such an event if the Units are not switched to another Fund by the Policyholder, we will switch the said units to any other appropriate Fund with similar characteristics as per Board approved policy, with due weightage for the respective NAVs at the time of switching, subject to prior approval from the IRDAI.

Switching of units from opted fund to default fund will be done in the manner shown below:

Closed Fund	Default Fund
Emerging Opportunities Fund, Sustainable Equity Fund, Whole Life Mid Cap Equity Fund, Multi Cap Fund, India Consumption Fund, Top 50 Fund, Top 200 Fund, Super Select Equity Fund, Flexi Growth Fund, Small Cap Discovery Fund, Business Cycle Fund, Rising India Fund, Midcap Momentum Index Fund, Flexi Growth Fund II, Nifty Alpha 50 Index Fund, Multicap Momentum Quality Index Fund, Tax Bonanza Consumption Fund, Top 200 Alpha 30 Index Fund, Momentum 50 index Fund, Sector Leaders Index Fund	Large Cap Equity Fund
Whole Life Aggressive Growth Fund, Dynamic Advantage Fund, Constant Maturity Fund, Target Maturity Fund	Whole Life Stable Growth Fund
Whole Life Income Fund, Whole Life Income Fund II	Whole Life Short Term Fixed Income Fund

If default Fund as mentioned in the table above is closed, then we will switch the said Units to any other appropriate Fund with similar characteristics as per Board approved policy, with due weightage for the respective NAVs at the time of switching, subject to prior approval from the IRDAI.

Force Majeure Provisions:

- a) The Company shall value the Funds (SFIN) on each day for which the financial markets are open. However, the Company may value the SFIN less frequently in extreme circumstances external to the Company i.e. in force majeure events, where the value of the assets is too uncertain. In such circumstances, the Company may defer the valuation of assets for up to 30 days until the Company is certain that the valuation of SFIN can be resumed.
- b) The Company shall inform IRDAI of such deferment in the valuation of assets. During the continuance of the force majeure events, all request for servicing the policy including policy related payment shall be kept in abeyance.
- c) The Company shall continue to invest as per the fund mandates as chosen by You. However, the Company shall reserve its right to change the exposure of all or any part of the Fund to Money Market Instruments [as defined under Regulations 2(j) of IRDAI (Investment) Regulations, 2016] in circumstances mentioned under points (a and b) above. The exposure to of the Fund as per the fund mandates as chosen by You shall be reinstated within reasonable timelines once the force majeure situation ends.
- d) Few examples of circumstances are:
 - i. when one or more stock exchanges which provide a basis for valuation of the assets of the fund are closed otherwise than for ordinary holidays.
 - ii. when, as a result of political, economic, monetary or any circumstances which are not in the control of the Company, the disposal of the assets of the fund would be detrimental to the interests of the continuing policyholders.
 - iii. in the event of natural calamities, strikes, war, civil unrest, riots and bandhs.
 - iv. in the event of any force majeure or disaster that affects the normal functioning of the Company.
- e) In such an event, an intimation of such force majeure event shall be uploaded on Our website for information.

Discontinued Policy Fund:

The investment objective for Discontinued Policy Fund is to provide capital protection and a minimum return as per regulatory requirement with a high level of safety and liquidity through judicious investment in high quality short-term debt. The strategy is to generate better returns with low level of risk through investment in fixed interest securities having short term maturity profile. The risk profile of the fund is very low. There is a minimum guarantee of interest @ 4% p.a. or as prescribed by IRDAI from time to time

Asset allocation:

Instrument	Allocation
Debt Instruments (Government Securities and Corporate Debt)	60% -100%
Money market Instruments, Bank Fixed Deposits, Cash & Mutual Funds	0% - 40%

Choose the following PORTFOLIO STRATEGY:

1 Enhanced Systematic Money Allocation & Regular Transfer (Enhanced SMART)

- Enhanced SMART is a systematic transfer plan which allows a customer to enter the volatile equity market in a structured manner under the Regular / Limited /Single Premium Fund.
- You get to choose two funds, a debt oriented fund and an equity oriented fund. Please refer to table below for the choice of available funds:

Debt Oriented Funds	Equity Oriented Funds
<ul style="list-style-type: none"> Whole Life Income Fund Whole Life Short-Term Fixed Income Fund Constant Maturity Fund Target Maturity Fund Whole Life Income Fund II 	<ul style="list-style-type: none"> Large Cap Equity Fund Whole Life Mid Cap Equity Fund India Consumption Fund Multi Cap Fund Super Select Equity Fund Top 50 Fund Top 200 fund Emerging Opportunities Fund Sustainable Equity Fund Flexi Growth Fund Small Cap Discovery Fund Business Cycle Fund Rising India Fund Midcap Momentum Index Fund Flexi Growth Fund II Nifty Alpha 50 Index Fund Multicap Momentum Quality Index Tax Bonanza Consumption Fund Top 200 Alpha 30 Index Fund Momentum 50 index Fund Sector Leaders Index Fund

- Through Enhanced SMART, your entire annual allocable premium will be parked in the chosen debt oriented fund along with any existing units in that fund, if any. These combined units in the chosen debt oriented fund will be systematically transferred on a monthly basis to the chosen equity oriented fund.
- All your future allocable premiums will also follow the same pattern as long as Enhanced SMART is active on your plan. Switching to/from the Enhanced SMART funds to other available funds is not allowed.
- This strategy is applicable only till premium payment term and not with top-up premium fund.
- A portion of total units in the chosen debt oriented fund shall be switched automatically into the chosen equity oriented fund in the following way:

Monthly Enhanced SMART

Policy Month 1 1/12 of the units available at the beginning of Policy Month 1

Policy Month 2 1/11 of the units available at the beginning of Policy Month 2

Policy Month 6 1/7 of the units available at the beginning of Policy Month 6

Policy Month 11 1/2 of the units available at the beginning of Policy Month 11

Policy Month 12 Balance units available at the beginning of Policy Month 12

Thus, while the stock market remains volatile and unpredictable, Enhanced SMART strategy offers a systematic way of rupee cost averaging. However, all investments through this option are still subject to investment risks, which shall continue to be borne by you.

The following are the notable features of Enhanced SMART: -

- Enhanced SMART offers flexibility, allowing you to opt for it at policy inception or on any policy anniversary.
- A written request for commencement, change, or restart must be received 30 days prior to the policy anniversary.
- The selected strategy becomes effective from the following policy anniversary and applies to future premiums for all premium payment terms.
- Commencement, change, or restart requests for the strategy are subject to the payment of all due premiums.
- The option is free of charge, and you can stop it at any time through a written request, effective from the next Enhanced SMART switching that follows company's receipt.
- Manual fund switching is not allowed for the two funds selected for Enhanced SMART activation but is permitted for other available funds with applicable charges.
- Manual switching for top-up premiums is available at applicable charges.
- Funds not associated with Enhanced SMART remain invested in regular/Limited/Single premium funds.
- The Enhanced SMART option is unavailable during the discontinuance of premium, but it can be opted for again upon policy revival.

*The Company may cease offering Enhanced SMART by giving 30 days of written notice subject to prior approval of Insurance Regulatory and Development Authority of India.

2. LIFE-STAGE BASED PORTFOLIO STRATEGY

Under the Life-stage based Portfolio Strategy, customer's portfolio will be structured as per the age and risk profile (Conservative, Moderate or Aggressive) chosen by the customer.

Under Life-Stage based strategy, you need to choose two funds, a debt-oriented fund and an equity-oriented fund. Below table demonstrates the choice of available funds:

Debt Oriented Funds	Equity Oriented Funds
<ul style="list-style-type: none"> • Whole Life Income Fund • Whole Life Short-Term Fixed Income Fund • Constant Maturity Fund • Target Maturity Fund • Whole Life Income Fund II 	<ul style="list-style-type: none"> • Large Cap Equity Fund • Whole Life Mid Cap Equity Fund • India Consumption Fund • Multi Cap Fund • Super Select Equity Fund • Top 50 Fund • Top 200 fund • Emerging Opportunities Fund • Sustainable Equity Fund • Flexi Growth Fund • Small Cap Discovery Fund • Business Cycle Fund • Rising India Fund • Midcap Momentum Index Fund • Flexi Growth Fund II • Nifty Alpha 50 Index Fund • Multicap Momentum Quality Index Fund • Tax Bonanza Consumption Fund • Top 200 Alpha 30 Index Fund • Momentum 50 index Fund • Sector Leaders Index Fund

- Through this strategy, your allocable premium will be parked in the chosen equity-oriented and debt-oriented fund in a pre-determined proportion based on the selected risk profile and age. As you age, your Fund value will be shifted automatically from chosen equity-oriented fund to chosen debt-oriented fund according to then applicable Equity-Debt proportion as per the age group. If opted for this strategy, you shall not be allowed to exercise the Premium-Redirection or Fund-Switching option. However, you have an option to opt out of this strategy anytime during the Policy Term, by notifying the company at least 30-days prior to the policy anniversary. You will be allowed to exercise free Switches or Premium Redirection options after opting out of this strategy.

The percentage allocation to equity-oriented fund according to age and risk profile is given below. The remaining percentage allocation out of 100% shall be in the debt-oriented fund.

Age Group	Risk Profile			Age Group	Risk Profile		
	Aggressive	Moderate	Conservative		Aggressive	Moderate	Conservative
1-30	90%	70%	50%	51-60	55%	35%	15%
31-40	80%	60%	50%	61-70	40%	20%	0%
41-50	70%	50%	30%	71 & above	25%	5%	0%

Units shall be rebalanced as necessary to achieve the above proportions of the Fund Value in the equity-oriented fund and the debt-oriented fund on the last day of each Policy quarter.

The following are the notable features of Life-Stage Based Strategy:-

1. The Life-Stage Based strategy is available for you and is exercisable at policy inception or any policy anniversary, with a written request received 30 days in advance of the policy anniversary for commencement, change, or restart. The request shall take effect on the policy anniversary.
2. Commencement, change, or restart requests for the strategy are subject to the payment of all due premiums.
3. The Life-Stage Based Strategy comes with free of any charge.
4. You can halt the Life-Stage Based Strategy at any point of time through a written request at least 30 days prior to policy anniversary, with the cessation effective from the following policy anniversary.
5. Manual fund switching or Premium-Redirection is not permitted under this strategy.
6. The Life-Stage Based Strategy Option is not available during the discontinuance of premium. Upon policy revival, you can opt for the Life-Stage Based Strategy again.

Tracking and Assessing Your Investments

You can monitor your investments

- On our website (www.tataaia.com);
- Through the annual statement detailing the number of units you have in each investment fund and their respective then prevailing NAV; and
- Through the published NAVs of all investment funds on our website and Life council's website.

What are the other benefits in your policy?

This is a Regular / Single/ Limited payment policy with protection for a chosen policy term and it is in your best interest to stay invested for the entire term. This will enable you to pay for a short term and enjoy all the special benefits offered under this innovative product for the rest of your life. However, for contingency needs during the term of the policy, you may avail of the Partial Withdrawal option. In case if you have a surplus income, you may invest the same in your plan through top-ups.

Flexibility of Partial Withdrawals to create your second income

Subject to policy being in force (including when the policy is reduced paid up), Partial Withdrawal is allowed any time after five policy anniversaries from the date of issuance of the policy. Under this facility, the policyholder can also opt for Systematic Withdrawal Plan (SWP), Chosen-Rate Withdrawal Plan (CWP) and Index-Based Withdrawal Plan (IWP).

- Partial withdrawals shall be made first from the Top-Up Premium Fund which has completed the lock in period and then from Regular/ Limited /Single / Premium Fund, if Top-Up Fund is insufficient.
- For the purpose of partial withdrawals, lock in period for the Top-up premiums will be five years or any such limit prescribed by IRDAI from time to time.
- The minimum amount that can be withdrawn is ₹ 1,000/- subject to Total Fund Value (Regular + Top Up Fund) post such withdrawals not being less than an amount equivalent to two years' Annualised Regular Premiums in case of Regular/Limited Pay or 10% of Single Premium in case of Single Pay.
- Maximum limit for partial withdrawal in a year, if any, will be as per BAUP and will be updated on the website from time to time.
- Any number of partial withdrawals can be made in a policy year and no charges shall be levied for making the partial withdrawals.
- The partial withdrawals shall not be allowed if it would result in termination of the contract.

Systematic Withdrawal Plan (SWP):

This partial withdrawal facility allows policyholder to withdraw from the fund at pre-determined intervals. Such withdrawals can be a pre-determined percentage of the fund value or a pre-determined absolute amount.

For example, if the policyholder chooses 6% of the fund value to be withdrawn yearly, then an amount equal to 6% of the fund value would be paid as per the specified payout frequency.

Following conditions shall apply on SWP:

- The policyholder has option to choose the percentage ranging from 1% to 15%.
- This facility can be opted at policy inception or anytime during the policy term. The policyholder may modify or opt-out of the facility by notifying the Company at least 30-days prior to the policy anniversary. Policyholder may choose to opt-in again as per the requirements on a later date.
- It is allowed only after five policy anniversaries from the date of issuance of the policy.
- The payouts can be taken monthly, quarterly, half-yearly, yearly or on specified date(s). The first payout will be made on the withdrawal start date as chosen by the policyholder.
- All conditions applicable for partial withdrawals such as minimum and maximum withdrawal amount, age, etc. will be applicable for Systematic Withdrawal Plan as well. Both SWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' annualized premiums for Limited/Regular Pay and 10% of single premium paid for Single Pay.

Chosen-rate Withdrawal Plan (CWP):

Under this partial withdrawal facility, a payout, as per the payout frequency chosen, will be processed in case the performance of the fund(s) where policyholder has invested their premium is higher than the chosen rate of return by the policyholder.

For example, if the actual fund value on the date of withdrawal is more than the fund value basis the chosen rate of return, then the positive difference between the two fund values shall be paid out to the policyholder. If the actual fund value is less than the fund value basis the chosen rate, then no payout shall be processed.

The following conditions shall apply on CWP:

- The T&Cs applicable to SWP, shall be applicable to CWP. Both SWP and CWP cannot be opted together.
- Both CWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' Annualized premiums for Limited/ regular pay and 10% of single premium paid for single pay.

Index based Withdrawal Plan (IWP):

This option works similar to CWP. But instead of choosing a rate of return, the policyholder can link rate of return to an external index. If the performance of the fund(s) where policy holder has invested their premium in is higher than their index based return, then the positive difference between the two fund values shall be paid out to policy holder as per the payout frequency chosen.

The policyholder shall have an option to choose from a list of indices such as

- 1) Compound Annual Growth Rate (CAGR) of benchmark fund as on date of withdrawal
- 2) 10-year G-Sec rate dated 1st April of each year as published by M/s. Financial Benchmarks India Pvt Ltd shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year.
- 3) SBI's Savings A/c rate basis April 1 of the relevant year shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year
- 4) SBI's 5-year term deposit rates basis April 1 of the relevant year shall be applicable during the period of twelve months, beginning 1st May of the relevant financial year
- 5) CPI Inflation rate as published by mospi.gov.in for March shall be applicable during the period of 12 months, beginning 1st May of the next financial year.

The following conditions shall apply on IWP:

- The list of indices shall be specified by the company from time to time. The policyholder shall have the flexibility to change the index by notifying the company at least 30 days prior to the policy anniversary.
- The T&Cs applicable to SWP, shall be applicable to IWP as well.
- Both IWP and partial withdrawal can be availed simultaneously provided the fund value in any given year is not less than two years' annualized premiums for Limited/ regular pay and 10% of single premium paid for single pay.

Note: Only one plan out of SWP/CWP and IWP can be chosen by the policyholder. However, partial withdrawal can be availed along with any of the above plans provided all the conditions are being met.

Flexibility of Top-ups

You have the flexibility to pay additional premium as 'Top-up Premium', provided the policy is in force,

- Top-up premiums can be paid any time except during the last five years of the policy term, subject to underwriting, as long as all due premiums have been paid.
- The minimum Top-up amount is ₹ 1,000/-.
- Policyholder will be provided an additional sum assured as per the table below , subject to BAUP.

Age at Entry	Up to 49 years	50 years and above
Top-Up Multiple	1.25 times single premium	1.10 times single premium

- Top-up premiums can be allocated in any proportion between the funds offered as chosen by the policyholder.
- Every Top-up Premium will have a lock- in period of five years from the date acceptance of such Top up premiums except in case of complete withdrawal of policy.
- Top-up premiums are subject to charges as described under "What are my Policy charges?"

Top-up Sum Assured

Your Sum Assured will increase by Top-up Sum Assured when you avail of a Top-up, subject to underwriting. Top-up Sum Assured will be Top-Up Premium Multiple times Top-Up Premium. Top-up Premium Multiple is as per the table in section “Flexibility of Top-ups”. Increase or decrease in the Top-up Sum Assured is not allowed.

Flexibility of Premium Mode

You have an option to pay the premiums either as Single Pay or as Limited/Regular pay in Annually, Half-yearly, Quarterly and Monthly modes. Loading on premiums will be applicable as mentioned in the table below:

Mode	Modal Loading	Mode	Modal Loading
Annual	Annualised Premium * 1	Quarterly	Annualised Premium /4
Half - Yearly	Annualised Premium /2	Monthly	Annualised Premium /12

Settlement Option

On survival till the maturity date, you have an option to receive the Maturity Benefit either in lump sum or in the form of periodical payments over a Settlement Period of five years from the Maturity Date. The first instalment under settlement option shall be payable on the date of maturity. The frequency of periodical payment shall be chosen by you and can be yearly, half-yearly, quarterly or monthly. The value of such periodical payments will depend on the performance of the Funds selected for investment. Switches may be allowed during the settlement period. Partial withdrawals shall not be available to you during the period. At any time during the settlement period, you have the option to withdraw the Total Fund Value. No additional charges will be levied on such withdrawal.

During this Settlement Period, life cover shall be maintained at 105% of the total premiums paid. In case of death, higher of Total Fund Value at the time of death or 105% of total premiums paid will be returned to the Nominee. During this period, Fund Management Charges and Mortality Charges will be deducted as due. Switching Charges will be levied if applicable. No other charges shall be levied. All charges are shown under “What are my Policy Charges?”

During this Settlement Period, the investment risk will be borne by you. Refund of Mortality Charges and Cover Continuance Boosters do not apply during Settlement Period.

How is the NAV calculated?

The Net Asset Value (NAV) of the segregated funds shall be computed as:

Market value of investment held by the fund + value of current assets - (value of current liabilities and provisions, if any)

Number of units existing on Valuation Date (before creation/redemption of units)

The Net Asset value (NAV) will be determined and published daily in various financial newspapers and will also be available on www.tataaia.com, the official website of Tata AIA Life. All you have to do is multiply the number of Units you have with the published NAV to arrive at the value of your investments.

Credit/Debit of Units

Premiums received, after deducting the Regular Premium / Top-up Premium Allocation Charge and applicable Goods and Services Tax and cess as applicable, will be used to purchase Units at the NAV according to your instruction for allocation of Premium. Units purchased by Regular Premium and Top-up Premium, net of payable premium allocation charge and applicable Goods and Service Tax and cess as applicable, will be deposited into the Regular Premium Fund Value and Top-up Premium Fund Value respectively.

Where notice is required (Partial Withdrawal, Complete withdrawal or death of the Insured), Units being debited shall be valued by reference to their NAV as specified in the section "Cut-off time for determining the appropriate valuation date"

Cut-off time for determining the appropriate valuation date

The appropriate Business Day at which NAV will be used to purchase or redeem Units shall be determined in the following manner: -

a) Purchase & Allocation of Units in respect of Premiums received or Fund Value(s) switched in:

- If the premiums, by way of cash or a local cheque or a demand draft payable at par or the request for switching in Fund Value(s) is/are received by us at or before 3:00 p.m. of a Business Day at the place where these are receivable, NAV of the date of receipt or the due date, whichever is later shall apply.
- If the premium/s, by way of cash or a local cheque or a demand draft payable at par or the request for switching in Fund Value(s) is/are received by us after 3:00 pm of a Business Day, at the place where these are receivable, NAV of the next Business Day following the receipt or the due date, whichever is later shall apply.
- If the premium/s is received by us by way of an outstation cheque/outstation demand draft, NAV of the date of on which these instruments are realized shall apply.
- In case of proposals or requests for Top-up Premium where underwriting or Our approval is required, the closing NAV of the day on which underwriting/approval is completed in all respects or the date of receipt of premium (in case of cash or local cheque or demand draft payable at par) or the date of cheque/demand draft realization (in case of an outstation cheque/demand draft) whichever is later shall apply.
- If premiums are received via standing instruction (such as auto pay, credit cards, electronic clearing system etc) the same procedure as for local cheques will apply with the date of sending the collection request to the relevant bank/financial institution being taken as the date of receipt of the local cheque.

b) Sale & Redemption of Units in respect of withdrawals, surrender, Fund Value(s) switched out, death claim:

- If a valid request/application is received by us at or before 3:00 pm of a Business Day, NAV of the date of receipt shall apply.
- If a valid request/application is received by us after 3:00 pm of a Business Day, NAV of the next valuation date following the receipt shall apply.

What are the options to manage my investments⁶?

We offer you ample flexibility to manage your money so that you can reap maximum benefits from your investments.

Switching Between the Funds

The Policyholder may send the Company a written request to switch investment between available Funds. The written request must specify the Fund(s) from which Units are to be redeemed and the Fund(s) to which Units are being allocated.

The change will be effected on the applicable NAV as specified under the paragraph "Cut-off time for determining the appropriate valuation date".

Switching may be restricted if Enhanced SMART portfolio strategy is chosen.

⁶Please refer to the portfolio strategy section for more details.

Premium Re-direction

Premium Re-direction facility helps you to allocate future premiums to a different fund or set of funds. There is no Premium-Redirection charge but has a 100% ceiling.

Premium Re-direction will not be allowed for Enhanced SMART portfolio option.

What if I want to discontinue paying premiums?

Discontinuance of Premiums

Discontinuance of Premium within Five Years from the Date of Commencement (Discontinuance of the policy during lock-in period):

For Regular/Limited Pay:

Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium, the fund value after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund and the risk cover and rider cover, if any, shall cease.

All such discontinued policies shall be provided a revival period of three years from date of first unpaid premium. On such discontinuance, we shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the option to revive the policy within the revival period of three years.

- i) In case the policyholder opts to revive but does not revive the policy during the revival period, the proceeds of the discontinued policy fund shall be paid to the policyholder at the end of the revival period or lock-in period whichever is later. In respect of revival period ending after lock-in period, the policy will remain in discontinuance fund till the end of revival period. The Fund management charges of discontinued fund will be applicable during this period and no other charges will be applied.
- ii) In case the policyholder does not exercise the option as set out above, the policy shall continue without any risk cover and rider cover, if any, and the policy fund shall remain invested in the discontinuance fund. At the end of the lock-in period, the proceeds of the discontinuance fund shall be paid to the policyholder and the policy shall terminate.
- iii) However, the policyholder has an option to surrender the policy anytime and proceeds of the discontinued policy shall be payable at the end of lock-in period or date of surrender whichever is later.

For Single Pay:

The policyholder has an option to surrender any time during the lock-in period. Upon receipt of request for surrender, the fund value, after deducting the applicable discontinuance charges, shall be credited to the discontinued policy fund.

The policy shall continue to be invested in the discontinued policy fund and the proceeds from the discontinuance fund shall be paid at the end of lock-in period. Only fund management charge can be deducted from this fund during this period. Further, no risk cover shall be available on such policy during the discontinuance period.

“Proceeds of the discontinued policies” means the fund value as on the date the policy was discontinued, after addition of interest computed at the minimum guaranteed interest rate.

Revival of a discontinued policy during lock-in period

Upon revival, the policy shall be revived restoring the risk cover, along with the investments made in the segregated funds as chosen by the policyholder, out of the discontinued fund, less the applicable charges in accordance with the terms and conditions of the policy.

At the time of revival, we shall:

- i) collect all due and unpaid premiums without charging any interest or fee
- ii) levy policy administration charge and premium allocation charge as applicable during the discontinuance period
- iii) add back to the fund, the discontinuance charges deducted at the time of discontinuance of the policy

Segregated Discontinued Policy Fund

The discontinued policy fund shall be a segregated unit fund. Only fund management charges shall be applicable on such funds. The fund management charge on discontinued policy fund shall be declared by the IRDAI from time to time. Currently, the fund management charge shall not exceed 50 basis points per annum.

Minimum Guaranteed Interest Rate

The minimum guaranteed interest rate applicable to the discontinued fund shall be declared by the IRDAI from time to time. The current minimum guaranteed interest rate applicable to the discontinued fund is 4% per annum.

The excess income earned in the discontinued fund over and above the minimum guaranteed interest rate shall also be apportioned to the discontinued policy fund in arriving at the proceeds of the discontinued policies and shall not be made available to the shareholders.

Surrender Value

If the policy acquires a surrender value during the first five years, it shall become payable only after the completion of the lock-in period.

Discontinuance of Premium after Five Years from the Date of Commencement (Discontinuance of Policy after the lock-in-Period):

For Regular / Limited Pay:

Upon expiry of the grace period, in case of discontinuance of policy due to non-payment of premium after lock-in period, the policy shall be converted into a reduced paid up policy. The policy shall continue to be in reduced paid-up status without rider cover, if any. All charges as per terms and conditions of the policy may be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only.

On such discontinuance, Insurer shall communicate the status of the policy, within three months of the first unpaid premium, to the policyholder and provide the following options:

- (1) To revive the policy within the revival period of three years, or
- (2) Complete withdrawal of the policy.

In case the policyholder opts for (1) above but does not revive the policy during the revival period, the fund value shall be paid to the policyholder at the end of the revival period.

The death benefit during the revival period for the primary life assured shall be,
Highest of,

- Reduced Paid-up Sum Assured on Death net of all “Deductible Partial Withdrawals”, if any, from the Regular Premium Fund Value or
- the Regular Premium Fund Value of this Policy or
- 105 percent of the total Regular/ Limited Premiums paid up to the date of death net of all “Deductible Partial Withdrawals”, if any.

In addition to this:

Highest of

- Top-Up Sum Assured(s) or
- Top-Up Premium Fund Value of this Policy or

is also payable provided the Policyholder has a Top-Up Premium Fund Value.

In case the policyholder opts (ii), i.e., to withdraw the policy completely, then the policy will be surrendered and the fund value (including any Top-Up fund value) shall be paid.

In case the policyholder does not exercise any option as set out above, the policy shall continue to be in reduced paid up status. At the end of the revival period the proceeds of the policy fund shall be paid to the policyholder and the policy shall terminate.

However, the policyholder has an option to surrender the policy anytime and proceeds of the policy fund shall be payable.

For Single Pay:

The policyholder has an option to surrender the policy any time. Upon receipt of request for surrender, the fund value as on date of surrender shall be payable.

Revival of a discontinued policy after lock-in period

Upon revival, the policy shall be revived restoring the risk cover in accordance with the terms and conditions of the policy. The rider may also be revived at the option of the policyholders.

At the time of revival, we:

- i) shall collect all due and unpaid premiums under base plan without charging any interest or fee
- ii) may levy premium allocation charge as applicable
- iii) shall not levy any other charges.

Surrender Value

After the lock-in period, the surrender value shall be equal to the fund value as on the date of surrender.

Reduced Paid UP:

As per section “Discontinuance of Premium after Five Years from the Date of Commencement” above.

Reduced paid-up Sum Assured = Basic Sum Assured * (t / n)

Where,

t = Total number of Premiums paid

n=Total number of Premiums payable for the entire premium paying term

The death benefit applicable for Reduced Paid-up policy shall be,

Highest of,

- (i) Reduced Paid-up Sum Assured net of all deductible partial withdrawals” or
- (ii) Regular Premium Fund Value of the policy
- (iii) 105% of the total Regular Premiums paid up to the date of death net of all deductible partial withdrawals, if any.

In addition to this:

Highest of,

- i) The approved Top-up Sum Assured(s) or
- ii) Top-Up Premium Fund Value of the policy

is also payable provided the policyholder has a Top-up Premium Fund Value.

A reduced paid-up policy will continue as per policy terms and conditions and charges as mentioned under “What are the charges in your policy?” shall continue to be deducted.

Policyholder will have an option of resuming payment of premiums with full sum assured before the end of revival period of three years from the date of first unpaid premium.

Partial Withdrawal will be allowed during the reduced paid-up status

What if I want to discontinue the policy?

Surrender Benefit and Surrender Terms & Conditions

The policyholder can completely withdraw his/her policy anytime during the policy term by intimating the company.

If policyholder requests for Complete Withdrawal from the policy –

- Within the lock-in period; the surrender value i.e. the fund value less applicable discontinuance charges as on the date of discontinuance shall be credited to the 'Discontinued Policy Fund' as maintained by the Company. The 'Proceeds of the Discontinued Policy' i.e. the fund value as on the date of discontinuance plus entire income earned after deduction of the fund management charges, subject to a minimum guarantee of interest @ 4% p.a. or as prescribed by IRDAI from time to time shall be paid to the policyholder after completion of the lock-in period.

In case of death of the insured during this period the "Proceeds of the Discontinued Policy" shall be payable to the nominee immediately.

- After the Lock-in Period; the total fund value as on the date of complete withdrawal shall be paid to the policy holder.

Lock-in period means the period of 5 consecutive years from the date of commencement of the policy, during which period the proceeds of the discontinued policies cannot be paid by the insurer, except in the case of death or upon the happening of any other contingency covered under the policy.

All the benefits in this policy shall cease on the date of complete withdrawal.

Mortality Charge⁸

The Mortality Charge of the Basic Policy will be deducted by cancelling Units at the current NAV, from the Fund value of the Policy on each Policy Month Anniversary. In case of the Top-up Sum Assured, the same will be deducted from the Top-up Premium Fund Value. If the Fund Value is insufficient, then Mortality Charge will be deducted from the Top-up Premium Fund Value, if any and vice-versa.

Mortality charge = Sum at Risk (SAR) multiplied by the applicable Mortality Rate for the month, based on the attained age of the Life insured.

Sum at Risk in each month for Regular Account is the difference between:

- Maximum of (Basic Sum Assured net of all deductible partial withdrawals, if any, from the Fund Value or 1.05 times total premiums paid net of all deductible partial withdrawals, if any)

and

b) Fund Value at the time of deduction of Mortality Charge

Sum at Risk in each month for Top-up Premium Account is the difference between:

a) Maximum of (Top-up Sum Assured, or from the relevant Top-up Premium Fund Value)

and

b) Top-up Premium Fund Value at the time of deduction of Mortality Charge.

Where Basic Sum Assured is defined as chosen Sum Assured multiple * Annualised premium till attained age of 85 years and 10 times of Annualised premium thereafter.

Sample mortality charges for healthy, male, non-smoker are provided below:

Sample Age	25	35	45	55
Mortality Charges per 1000 Sum at Risk (per annum)	0.787	1.016	2.179	6.348

⁸The Mortality Charges will be guaranteed for the policy term.

For complete details on Mortality Charges visit us at www.tataaia.com

Discontinuance Charge

The Policyholder can discontinue paying premium anytime during the policy term by intimating to the company. However when the request for discontinuance from the policy is within the lock-in period of 5 years from policy inception, total fund value, net of discontinuance charges as on the date of discontinuance shall be put in the 'Discontinued Policy Fund'. The 'Proceeds of the Discontinued Policy' i.e. the fund value as on the date of discontinuance plus entire income earned after deduction of the fund management charges, subject to a minimum guarantee of interest @ 4% p.a. or as prescribed by IRDAI from time to time shall be paid to the Policyholder only after completion of the lock-in period.

Fund Switching Charge

There is no fund switching charge for both options.

Miscellaneous Charge:

Nil

Premium Re-direction Charge

There is no Premium Redirection Charge.

⁷The Company may alter all the above charges (except Mortality Charge and Premium Allocation Charges which are guaranteed throughout the term) by giving an advance notice of at least three months to the policyholder subject to the prior approval of IRDAI and will have prospective effect.

POLICY TERMINATION

All coverage under this Policy shall automatically terminate on the occurrence of the earliest of the following:

- (1) Date of Maturity of policy
- (2) Date of complete withdrawal
- (3) Date of Death of the Insured, or
- (4) Date of end of lock-in-period/revival period, whichever is later in case of Discontinuance of Premium within 5 years, provided the policy is not revived during the revival period.
- (5) After completion of premium paying term, the policy will terminate as and when the total fund value becomes less than or equal to 10% of Instalment Premium/ 1% of the Single Premium or the applicable monthly charges cannot be deducted due to insufficient fund balance, whichever happens first; except if any of the following conditions is true:
 - a. Five policy years have not elapsed since the inception of the contract
 - b. If the policy is in-force premium paying

On such termination, the balance fund value shall be payable to the policyholder. This situation may result because of the combined impact of partial withdrawals at inopportune time and fund performance.

Terms and Conditions

Important aspects

1. Total Sum Assured under the plan is the total of Basic Sum Assured and Top-up Sum Assured.
2. The premium and any Top-up premium net of premium allocation charge will be used to purchase units in the various investment fund/s offered under this plan and as chosen by you.
